- User Testing

PROFILE

I'm a UX designer, design thinker, product designer & human-loving introvert. Over the past 4 years, I've worked in a diverse group of industries including Capgemini, PTC & Byjus to create insight-led, human-centred products. I'm currently working in the educational domain at Osmo, Byjus.

EXPERIENCE

Senior UX/UI DESIGNER

Byjus | From 2021 to Present

Worked on phygital product to improvise the user experience of the product. Collaborated with Machine Learning, Research and Analytics teams to build high-end design solutions. Ideated, explored concepts and built design strategies.

- Implemented UX strategies, visual mockups, interactive protypes according to needs and goals of real users.
- Concieve, plan and developed high-end useful digital features.

UX/UI DESIGNER

Capgemini | From 2019 to 2021

Worked with designers to build native and hybrid apps for Smartphone, tablets and iPhone/iPads, responsive and windows desktop applications application for multiple sectors.

- Created interaction strategies that helped develop navigation and flow diagrams, wireframes and interactive prototypes.

UX/UI DESIGNER

PTC | From 2017 to 2018

Performed design audits using methodologies like expert reviews, heuristic evaluation & UX Laws and A/B testing.

- Created storyboard and persona as per users and incorporated them into design decisions resulting in improved and significant design creation.
- Refined existing solutions with a redefinition of workflows, task flows, Information architecture and intuitive UI considering user needs
